Adding the Courseware Help block to a Course

The Courseware help block is an HTML block with custom code added to it.

1. On the new course, click on the **Turn editing on** button.

2. Ensure that the **Navigation drawer** is visible. If it is not visible, click on the **Vertical ellipsis** icon on the top-left corner of your page.

3. Scroll down to the bottom of the **Navigation drawer** and click on the **Add a block** link.

Add a block

Note: A list of available blocks appears.

- 4. From the list of blocks, click on **HTML** block.
- 5. A new **HTML** block appears in the right column of the course.
- 6. Locate the "(New HTML block)" and click on the "Actions" drop-down menu.

7. Select Configure (new HTML Block) block in the drop-down menu.

8. Set the HTML block title to Avenue Help.

9. Click the "Show more buttons" button in the toolbar in the "Content" section

Another row of tools appears in the toolbar.

10.Click the "HTML" button

11. Copy the following HTML code and paste it into the "Content" section text box.

<div style="text-align: center;"><img
src="https://avenue.ca/static/help_block/help_woman3.jpg" alt="courseware
help link" style="vertical-align: text-top; margin: 0 .5em;" class="img-responsive"
width="225" height="150"></div>

12. Click the "HTML" button in the toolbar again.

13. Check if the Courseware help block image appears as below. If it does not appear, click the HTML button, remove any spaces in the code and repeat Steps 12 and 13.

14. Scroll down and click the "Save changes" button.

- 15. Locate the block and click on the Courseware Help block image. If the Courseware help page does not load, go back and check for spaces in the code.
- 16. Use the "Move HTML block" button to drag the new block into place.

17. Turn editing off when the block is in the desired location.
