

## Journal

You may find **Journal** activities in your course. All Journals have this icon. You can complete Journal activities by typing your answer into a text box.

### Complete a Journal Activity

1. Click on the **Journal** activity.

The activity appears.

### Self-Reflection

Write a journal entry explaining how you feel about your learning this week.

What was difficult about the tasks this week?

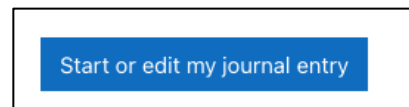

What did you do well?

What do you still want to improve?

This week the listening activity was difficult. I need to practice more.

You can edit your entry or return to your course main page. You can also edit your entry later.

6. After your teacher checks your entry, return to the activity. Your teacher may have given you feedback and a grade. They will appear at the bottom of the screen.

This week the listening activity was difficult. I need to practice more. I did well on the writing assignment about our trip to the art gallery.
