

How to Update an H5P Activity Using the H5P Repository in the Avenue File Picker

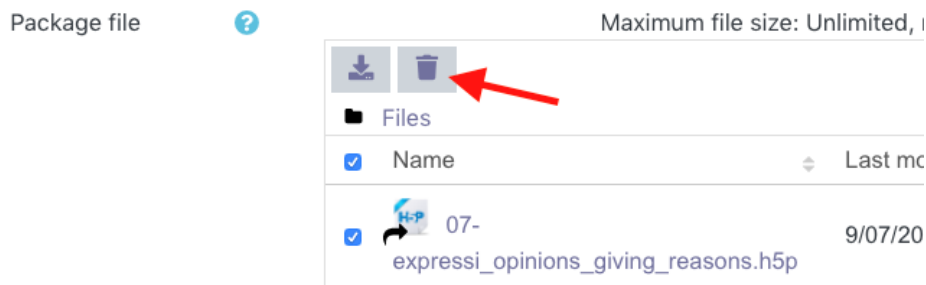

1. Click the **Turn Editing on** button at the top of the course page.
2. Select **Edit Settings** in the **Edit** menu next to the H5P activity to be changed.

3. Click on the **check box** next to the H5P file in the **Package file** section.

4. Click the **Trash can** to delete the selected file.

5. Click **OK** to confirm the deletion.

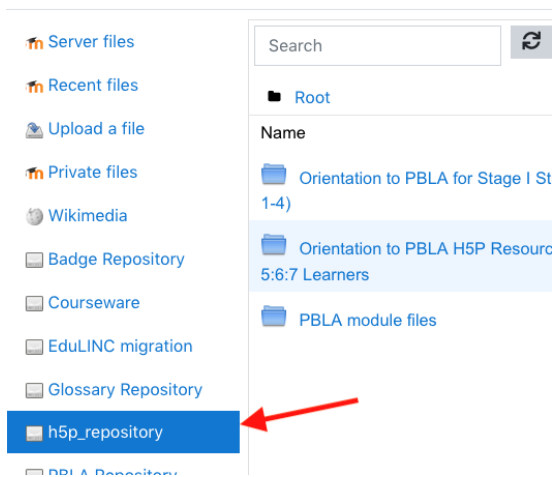

- Click the **Add file** button in the **Package file** section.

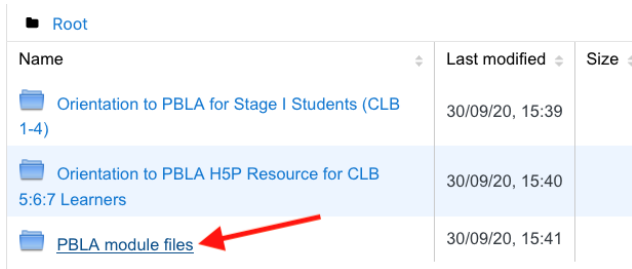

- Click the **h5p_repository** link in the **File picker**.

File picker

- Click on the **PBLA module files** link to access the H5P activities used in the PBLA modules.

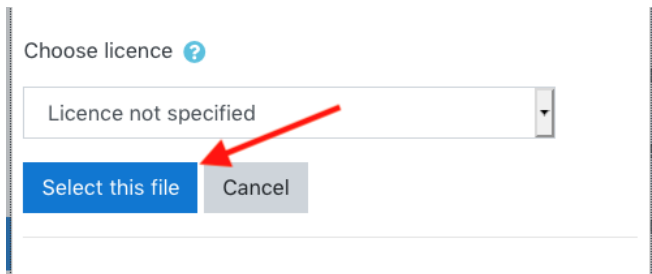

- Click on the **directory** with the target PBLA module, e.g. Dealing with Issues in the Community (CLB 5/6)

10. Click on the target H5P activity to be added to the course.

11. Click on the **Select this file** button.

12. Click the **Save and display** button at the bottom of the page.

The new H5P learning object will display.
