

Adding an H5P Question Set Activity

The process to create an **H5P** using the **Content bank** starts with opening the **Content bank**, creating the **H5P** and then linking the **H5P** to your course.

Step-by-Step Instructions for Adding a Question Set H5P Activity

1. In the **Navigation Drawer**, click on the **Content bank** link.

The course **Content bank** appears.

CONTENT BANK

Dashboard / Courses / BEV003 / Content bank

 Add ▾ Upload Grid List

Content name	Last modified	Size	Type
Immigration Trends in Canada	16/07/20, 15:07	727KB	Archive (H5P)
Tommy Douglas	16/07/20, 12:57	691.4KB	Archive (H5P)

2. Click on the **Add** button.
3. In the drop-down menu, scroll down the list.
4. Click on the **Question Set** item.

Add ▾

- H5P interactive content**
- Accordion
- Agamotto
- appear.in for Chat and Talk
- Arithmetic Quiz

The **H5P** editing screen appears.

5. In the **Title** textbox, type Immigration Looking for a Job.
Note: This title is used as a tag for future searches.
6. Expand the **Quiz introduction**.

7. Check **Display introduction**.
8. In the **Introduction text** textbox, type “After reading the lesson on Getting a Job, complete the following questions. When you finished click on the **Check button** to see your score.”
9. In the **Start button text** textbox, leave the default **Start Quiz**.
10. If a background image is required, click on the **Background image Add** button (in this activity we will not be adding a background image)

Quiz introduction

Display introduction

Title
This title will be displayed above the introduction text.

Introduction text
This text will be displayed before the quiz starts.

Start button text

Background image
An optional background image for the introduction.

Below the **Display introduction** section, three options appear.

11. If a background image is required, click on the **Background image Add** button (in this activity we will not be adding a background image).
12. Choose **Dots** as the **Progress indicator**.
13. Set the **Pass percentage** to 70 (the default is 50)

Background image
An optional background image for the Question set.

Progress indicator *

Question set progress indicator style.

Dots ▼

Pass percentage *

Percentage of Total score required for passing the quiz.

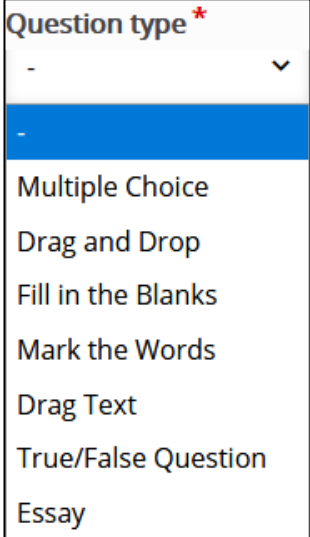

14. In the **Questions** section, click on the textbox below **Question type*** Library for this question.

15.

In the **Questions** section, click on the textbox below Question type* **Library for this question**.

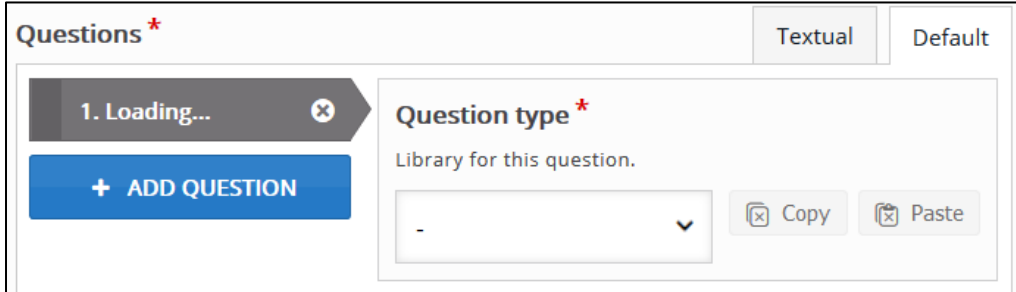

Six question types are available

- Multiple Choice
- Drag and Drop
- Fill in the Blanks
- Mark the Words
- Drag Text
- True/False
- Essay

A screenshot of a dropdown menu titled "Question type*". The menu is open, showing a list of question types: Multiple Choice, Drag and Drop, Fill in the Blanks, Mark the Words, Drag Text, True/False Question, and Essay. The "Multiple Choice" option is highlighted with a blue background.

Create Multiple Choice Question

A screenshot of the "Questions" section interface. The title "Questions*" is at the top left. There are two tabs: "Textual" and "Default". On the left, there is a grey button labeled "1. Loading..." with a close icon (X) and a blue button labeled "+ ADD QUESTION". On the right, there is a "Question type*" dropdown menu with the text "Library for this question." below it. The dropdown menu is currently set to "-". To the right of the dropdown are "Copy" and "Paste" buttons.

1. In the Questions section 1. -, click on the **Question type** drop down menu.

2. Click on the option **Multiple Choice**.

3. In the **Title** textbox type, Question 1. This appears on the summary screen at the end of the quiz.

4. In the **Question** field, type "Which of the following are aspects of the job search process?"

5. To resize this question, select the text and choose from the **Paragraph Format, Heading 3**.

6. In the first **Option** textbox, type "Researching information about specific occupations."

7. Check the **Correct** checkbox.

8. In the second **Option** text box, type "Understanding job postings."

9. Check the **Correct** checkbox.

10. Click on the **Add Option** button.

A blue rectangular button with the text "ADD OPTION" in white capital letters.

11. In the third **Option** textbox, type "Filling out application forms."

12. Check the **Correct** checkbox.

13. Click on the **Add Option** button.

14. In the fourth option textbox, type "Networking."

15. Check the **Correct** checkbox.

16. Click on the **Add Option** button.

17. In the fifth option textbox, type "Renting a car."

18. **Do not** Check the **Correct** checkbox.

19. Scroll down and click on the **Behavioral settings** drop down.

20. Ensure **Question Type** is set to **Multiple Choice (Checkboxes)**.

A dropdown menu with the title "Question Type" and a selected option "Multiple Choice (Checkboxes)" with a downward arrow.

21. Ensure that **Randomize answers** is checked.

22. Scroll upwards and locate the **+ Add Question** button.

23. Click on the **+ Add Question** button.

A blue rectangular button with a white plus sign and the text "ADD QUESTION" in white capital letters.

Create a True/False Question

1. In **2.**, click on the **Question type** drop down menu.
2. Click on the option **True/False Question**.
3. In the **Title** textbox, type Question 2.
4. In the **Question** field, type "Most available jobs are not advertised."
5. To resize the question font, select the text and choose from the **Paragraph Format, Heading 3**.
6. Select **True** as the **Correct Answer**.
7. Scroll upwards, locate the **+ Add Question** button.
8. Click on the **+ Add Question** button.

Create a Drag the Word Question

1. In **3.**, click on the **Question type** drop down menu.
2. Click on the option **Drag Text**.
3. In the **Title** textbox, type Question 3.
4. In the **Task description** field, leave the default, **Drag the words into the correct boxes**.
5. To resize the text, select and choose from the **Paragraph Format, Heading 3**.
6. In the **Text** textbox, type or paste:

Work Habits

Working Safely

Working in a manner that prevents injury to self and others

Reporting unsafe conditions

Participating in health and safety training, as required

Using and wearing all required protective equipment and devices

Teamwork

Working willingly with others

Showing respect for the ideas and opinions of others

Taking responsibility for his or her share of the work

Contributing to the team effort by sharing information, resources, and expertise

Reliability

Being punctual

Following directions

Giving attention to detail

Using time effectively and producing work on time

Acting in accordance with health and safety practices

7. Scroll downwards.

8. Click on the **Save** button.

The question appears in preview mode in the **Content bank**.

9. Try the question.

IMMIGRATION LOOKING FOR A JOB

[Dashboard](#) / [Courses](#) / [BEV003](#) / [Content bank](#) / [Immigration Looking for a Job](#)

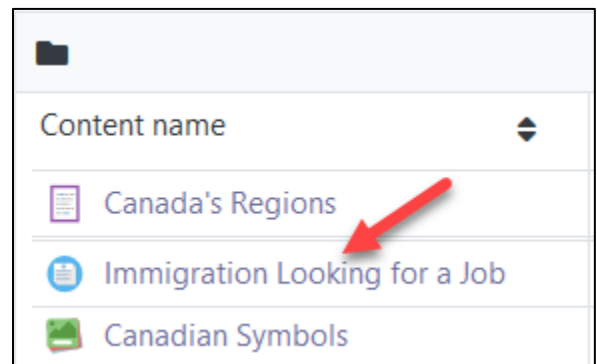

[Edit](#) [Close](#)

After reading the lesson on Getting a Job, complete the following questions. When you finished click on the Check button to see your score.”

[Start Quiz](#)

10. If the question is acceptable, click on the **Close** button.

Note: The **content bank** appears. Note the question is in the list.

11. Return to the course main page but selecting the course short name in the **breadcrumbs** menu.

12. Once on the course main page, click the **Turn editing on** button.

13. Click the **Add an activity or resource** link in the appropriate topic.

The **Add an activity or resource** pop up appears.

14. Select **H5P** in the **Activities** tab.

The **Adding a new H5P** page appears.

15. In the **Name** textbox, type "Immigration Looking for a Job."

16. In the **Package file** area, click on the **Add... (file)** icon.

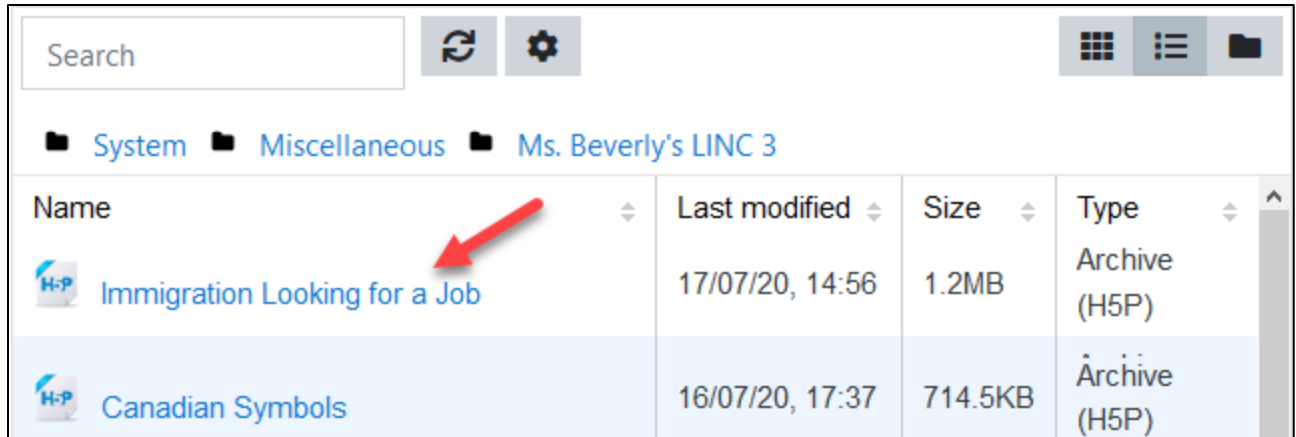

The **File picker** opens.

17. In the left column, choose the **Content bank** option.

18. Choose the appropriate **H5P** file.

Note: The **Select** pop up appears.

19. Choose either **Create an alias/shortcut to the file**. when the original content is updated every duplicate will change also, or **Make a copy of the file** - when the copy is updated it will not change the original.

Make a copy of the file
 Create an alias/shortcut to the file

20. Change the file name if required in the **Save as** field.
Note: Moodle generates a unique name for each **H5P** object.

Save as

question-set-243.h5p

21. Ensure the **Author's** name is accurate.

Author

Beverly Davis

22. Select a license in the **Choose a licence** drop-down.

Choose licence ?

23. Click on the **Select this file** button.

24. Click on the **Save and Return to course** button.

25. Click on the **Turn editing off** button.

26. Note the file appears as pictured here on the course main page.

Try a [Question Set example](#).

H5P Question Set optional settings

There are two ways to enhance an **H5P** learning object in your courseware:

- In the **H5P** editing window.
- In the **Moodle** options section.

The sections below, **H5P Learning Object Options** and **H5P Learning Object Moodle Options**, detail how an instructor can customize how the **H5P** learning object interacts with learners and reports results to the courseware.

Be aware that the **H5P Behavioural settings** and **Text overrides and translations** differ between **H5P** tools.

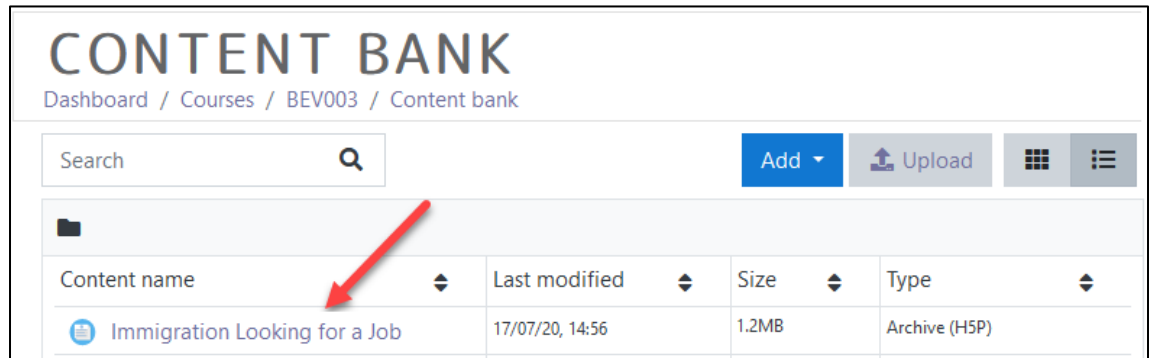

H5P Learning Object Options

1. In the **Navigation Drawer**, click on the **Content bank** link.

The course **Content bank** appears.

- Choose name of the H5P in the **Content name** column.

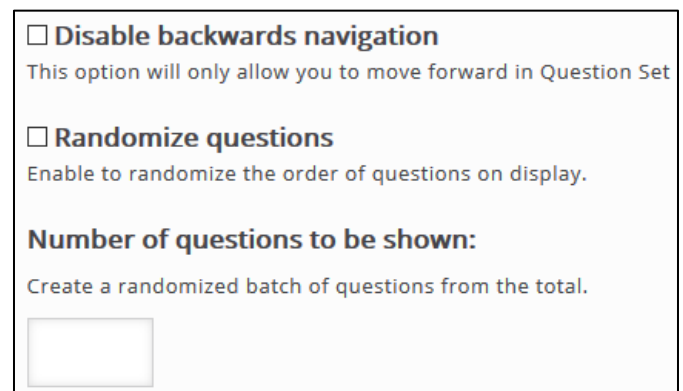

CONTENT BANK

Dashboard / Courses / BEV003 / Content bank

Search

Content name	Last modified	Size	Type
 Immigration Looking for a Job	17/07/20, 14:56	1.2MB	Archive (H5P)

- Click on the **Edit** button.
- Below each question click on the **Behavioural settings** link.
- Refer to the **individual question types** in the Stage 3 H5P.
- Under all of the questions in the **Question Set**, three options appear.
- If the **Disable backwards navigation** option is checked, learners cannot return to previous questions.
- If the **Randomize questions** option is checked, the questions will appear in a different order. This is useful if students are in proximity.
- If a number is entered into the **Number of questions to be shown** option, that number of questions from the total list of questions is drawn in the **Question Set**. It is a question pool technique.

Disable backwards navigation
This option will only allow you to move forward in Question Set

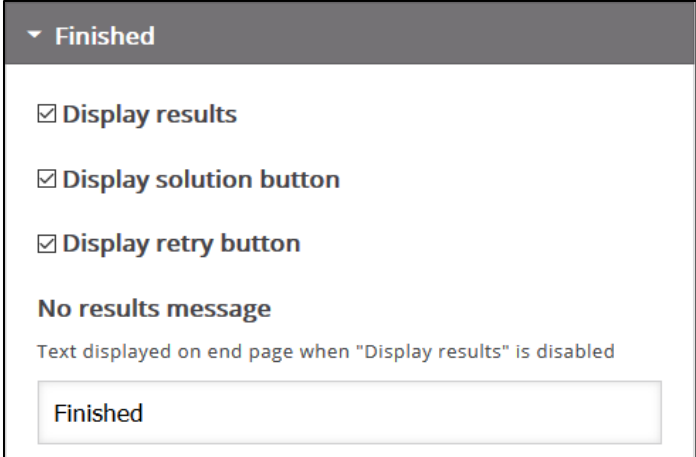

Randomize questions
Enable to randomize the order of questions on display.

Number of questions to be shown:
Create a randomized batch of questions from the total.

- Expand the **Finished** section.

13. If the **Display results** box is not checked, the message in the **No results message** will appear to the learner.

Finished

Display results

Display solution button

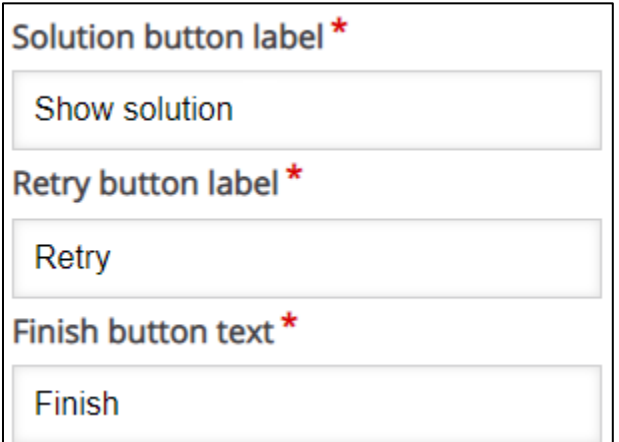

Display retry button

No results message

Text displayed on end page when "Display results" is disabled

Finished

14. **Button labels** can be changed from the default shown here.
15. Under the **Questions** section three additional options for the **Question Set** appear.

Solution button label *

Show solution

Retry button label *

Retry

Finish button text *

Finish

16. Leave the **Skip video label** as it is.
17. Scroll down to the next section, **Settings for "Check", "Show solution" and "Retry"**. The instructor can customize feedback by selecting **Enable** or **Disable** button features in the **Question Set**. The buttons that can be overridden in this section are **Display results Show solution** and **Retry**.

- The next section, **Text overrides and translations**, the instructor can customize feedback by changing the wording to accommodate linguistic levels or translating feedback into another language.

▼ **Text overrides and translations**

Here you can edit settings or translate texts used in this content.

Language: ▼

▶ **Question Set**

▶ **Multiple Choice**

▶ **Drag Text**

▶ **True/False Question**

- Note:** For example, if the target students are French speaking, the terms (e.g. Check= suivante (feminine)) in the **H5P** can be changed here.
- Click on the **Save** button.
- Click on the **Close** button.

Text for the next button *

H5P Learning Object Moodle Options

1. In the course main menu, click on the **H5P** link.

2. Click on the Actions menu, and then click on **Edit settings**.

3. Scroll down the screen, expand the **H5P options** link.
Note: As of September, 2020 this does not appear when using the **Content Bank**. It does appear when the H5P is used independently or using the Interactive Content H5P mode.

Allow Download displays the **Reuse** link on an **H5P**. This allows other users permission to download the **H5P** file and upload it to their courses.

The **Embed button** option provides other users the embed code to include the **H5P** in their courses.

The **Copyright button** option inserts a copyright link on the **H5P** for users to view copyright information about the **H5P** activity.

4. Click on the **Grade** drop down option.
5. Set the **Grade Type** to **Point** (numeric), or **Scale**.

If **Point** is chosen you must set a **Maximum grade**.

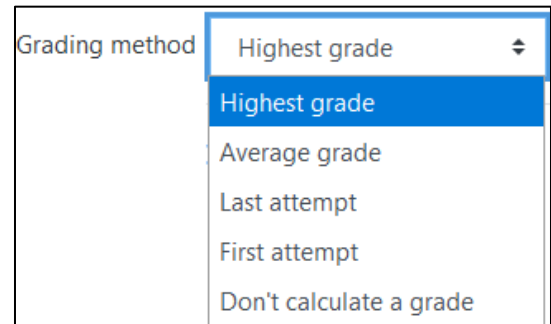

If **Scale** is chosen, you must select Moodle scale.

6. A **Grade category** can be selected, if grade categories are set up for this course.
7. The **Grade to pass** should be set here if the **H5P** grade is set on **Point** or **Scale**.

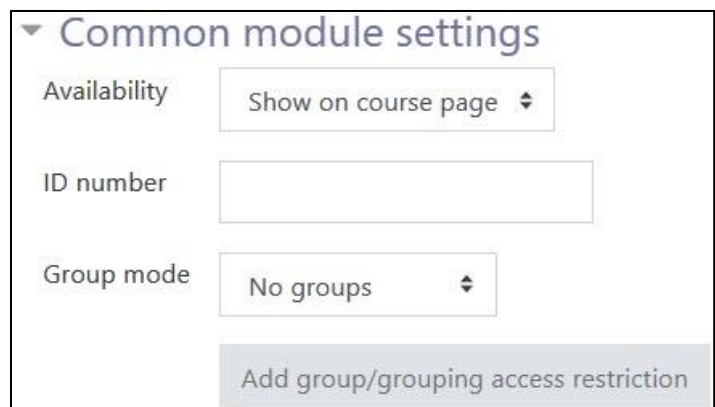

- In the **Attempt options** section, enables **H5P** tools that have advanced tracking features to report activity to your course. To do this, set the **Enable attempt tracking** to Yes.
- Use the **Grading method** drop-down menu to choose the grading calculation for the **H5P** activity. Options include: **Highest Grade**, **Average grade**, **Last attempt**, **First attempt**, or **Don't calculate a grade**.

A screenshot of a Moodle activity configuration form. The 'Grading method' field is a drop-down menu with the following options: Highest grade (selected), Average grade, Last attempt, First attempt, and Don't calculate a grade.

Settings in the **Common module** section are common to many Moodle activities and resources.

A screenshot of the 'Common module settings' section in Moodle. It includes the following settings: 'Availability' set to 'Show on course page', an empty 'ID number' text box, and 'Group mode' set to 'No groups'. There is also a button labeled 'Add group/grouping access restriction'.

- The **Availability** setting is used to **Show/Hide** the activity. This is identical to using the **Show/Hide** icons when the **Turn editing on** function is enabled on a course home page.
- The **ID Number** setting sets an ID number for advanced use of the grade book. (This is not used in the LINC courseware.)
- The **Group mode** setting enables the use of groups. (More information is available in the **Groups** documentation in the Stage 3 **Course Management** section.)
- Settings in the **Restrict access** section can be used to limit access to the activity. (More information is available in the **Setting up and Using Restrict Access Settings** section of the Stage 3 **Course Management** section.)

14. Click on the **Add restriction...** button to display the **Add restriction** pop up.

▼ **Restrict access**

Access restrictions

None

Add restriction...

Add restriction...

Activity completion	Require students to complete (or not complete) another activity.
Date	Prevent access until (or from) a specified date and time.
Grade	Require students to achieve a specified grade.
Group	Allow only students who belong to a specified group, or all groups.
Grouping	Allow only students who belong to a group within a specified grouping.
Mobile app	Require students to access (or not access) using the Mobile app.
Password	Require students to enter a password.
User profile	Control access based on fields within the student's profile.
Restriction set	Add a set of nested restrictions to apply complex logic.

Cancel

- Settings in the **Activity completion** section are used to set **Completion tracking**, grading options and the expected completion date. (More information is available in the **Completion Tracking** documentation in the Stage 3 **Course Management** section.)
