

## Tutela Resources: Previewing SCORM & H5P Objects

This document explains how to preview SCORM and H5P objects on Tutela.

### Previewing a SCORM Learning Object

Before downloading a SCORM object, instructors can use Tutela's preview option to view the contents of a SCORM. This feature allows instructors to decide if a resource on the Tutela site is suitable for their learners to avoid downloading and adding an unsuitable item to their courseware.

After using Tutela's search function, a list of all available **SCORM** resources should appear.

1. Click on the **View** button of one of the resources to display more information and options about the item, such as previewing, downloading and rating/commenting.

The screenshot shows a resource card for "Flu Shots". On the left is an orange document icon. To its right is the title "Flu Shots" in orange. Below the title is the author "New Media Language Training, Inc." and a preview of the content: "Students read two short texts about the flu, and then they answer comprehension questions. Students listen to a dialogue between a doctor and a patient about flu shots, and then they answer true or...". To the left of the preview are icons for 2 likes and 3 comments. On the right side of the card, the date and time "Aug 24, 2018 09:25 AM +03" are displayed. At the bottom right is an orange "View" button, which is highlighted by a red arrow.

2. The screen provides more information related to the **SCORM learning object**.
3. Under the title of the SCORM object, ratings in the form of **Likes** appears along with the number of comments.

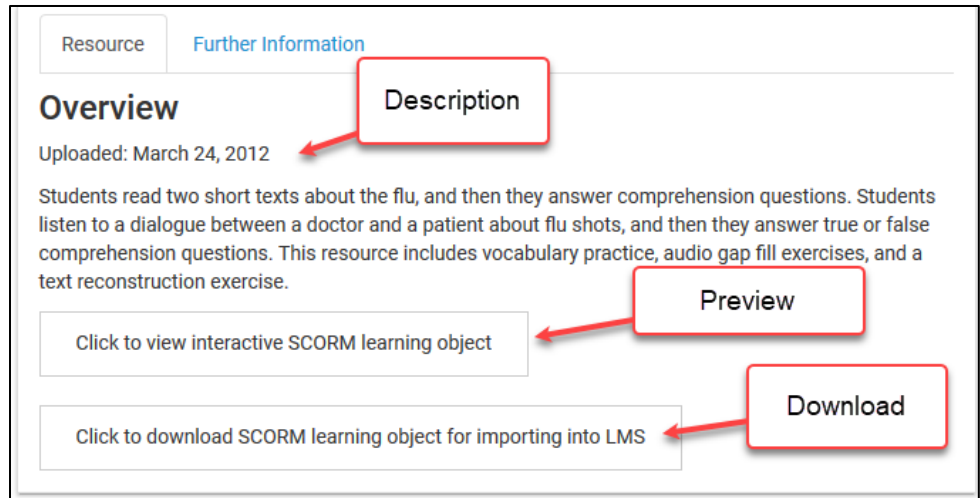

**Note:** This information may influence the instructor's decision to download and use this SCORM.

The screenshot shows the header of the "Flu Shots" resource page. The title "Flu Shots" is in white on a dark background. Below the title, there are two tabs: "Ratings" and "Further information". The "Ratings" tab is active and highlighted with a white box. Below the tabs, there are icons for 2 likes and 3 comments. A red arrow points from the "Ratings" tab to the "2 Likes" icon.

4. There are two tabs. Resource and Further information. The **Further information** tab give details about the contributor, copyright owners, funders and source organization.

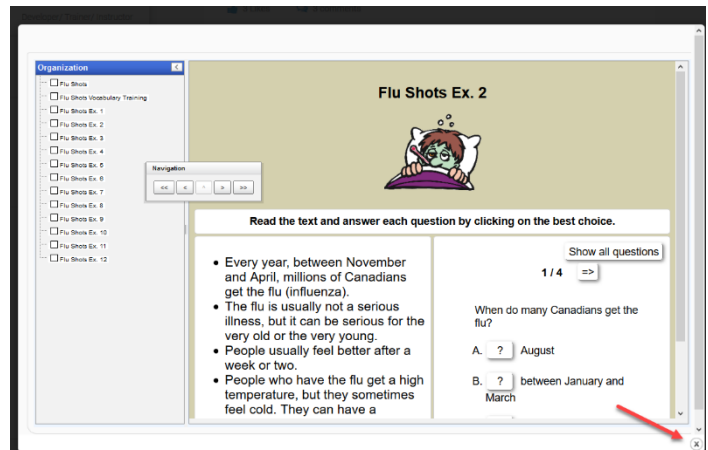

- In the **Resource** tab there are three important items related to the SCORM learning object. These are an **overview** description of the function of the object, a **preview** button and a **download** button.

- Near the bottom of this screen is the SCORM object's Copyright information and the list of user **Comments**.
- To preview the SCORM learning object, click on the **Click to view interactive SCORM learning object**.

- A pop-up window appears containing the **SCORM learning object**. **Note:** The instructor can try this as a student.

- When finished, the instructor clicks on the **X** icon at the bottom right of the pop-up.
- At this point, the instructor must make a description to use the **SCORM object** in their course.

## Previewing an H5P Learning Object

Before downloading an **H5P object**, instructors can use Tutela's preview option to view the contents of an H5P. This feature allows instructors to decide if a resource on the Tutela site is suitable for their learners to avoid downloading and adding an unsuitable item to their courseware.

After using Tutela's search function, a list of all available **H5P** resources should appear.

The screenshot shows a resource card with the following details:

- Title:** Welcome to the Farmers' Market CLB 5/6 H5P Resource
- Date:** Nov 28, 2019 12:42 AM +03
- Author:** James Robertson
- Description:** Resource includes/addresses: food safety course listening and cloze activity, reading on ISANS table at the Seaport Farmers' Market with true/false quiz, vocabulary drag and drop, interactive...
- Engagement:** 2 Likes, 1 Comment
- Action:** View button

1. Click on the **View** button of one of the resources to display more information and options about the item, such as previewing, downloading and rating/commenting.
2. The screen provides more information related to the **H5P learning object**.
3. Under the title of the H5P object, ratings in the form of **Likes** appears along with the number of comments.

**Note:** This information may influence the instructor's decision to download and use this **H5P**.

The screenshot shows the resource preview page with the following details:

- Section:** Resources
- Title:** Welcome to the Farmers' Market CLB 5/6 H5P Resource
- Engagement:** 2 Likes, 1 comments

A red arrow points to the '2 Likes' text.

4. There are two tabs. Resource and Further information. The **Further information** tab give details about the contributor, copyright owners, funders and source organization.

5. In the **Resource** tab there are three important items related to the H5P learning object. These are an **overview** description of the function of the object, a **preview** button and a **download** button.

The screenshot shows a web interface with two tabs: "Resource" (selected) and "Further Information". The "Overview" section is active, displaying the following content:

- Description** (highlighted with a red box and arrow):  
Uploaded: July 18, 2019  
Resource includes/addresses: food safety course listening and cloze activity, reading on ISANS table at the Seaport Farmers' Market with true/false quiz, vocabulary drag and drop, interactive video, reading and cloze activity on The Table at the Seaport Market.
- Instructor's Notes**: These resources have been developed to be used in a blended environment. They are to serve as an anchor from which other exercises and ideas spin off. The resources are developed so that they flow from an...
