

How to find and download an H5P activity on Tutela.ca

H5P is an online tool that create media rich, interactive and engaging learning activities. The H5P editor and full functionality is available to EduLINC Instructors in their courseware.

Instructor can import existing **H5P activities** into their courseware form learning resource on Tutela.ca.

Acquiring a Tutela H5P Learning object

1. Go to **Tutela.ca**.
2. Log in to **Tutela**.
3. Click on the **Resources** icon.
4. Change the **Resource Search category** to Teaching Resources.
5. Type H5P into the **search** field.
6. Click on the **Search** icon.

7. Several resources appear on the page. Choose one. For example:
8. Click on the **View** button.
